MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is executed on the 2nd day of March, 2026 (the "Effective Date")

Between

First Party:

NODEVBUILD LLP, a Limited Liability Partnership incorporated under the laws of India, having its registered office at:

A-19 G.F., FIEE Complex, Okhla Industrial Area, Okhla Phase 2, New Delhi – 110020 (hereinafter referred to as "NODEVBUILD", which expression shall, unless repugnant to the context, include its successors and permitted assigns)

And

Second Party:

Pilani Innovation & Entrepreneurship Development Society (PIEDS), Birla Institute of Technology and Science, Pilani, having its official address at:

2220, Pilani Innovation & Entrepreneurship Development Society (PIEDS),
Birla Institute of Technology and Science, Pilani, Rajasthan, India – 333031

(hereinafter referred to as "PIEDS", which expression shall, unless repugnant to the context, include its successors and permitted assigns)

NODEVBUILD and PIEDS are hereinafter individually referred to as a "Party" and collectively as the "Parties".

1. PURPOSE OF COLLABORATION

The purpose of this MOU is to establish a collaborative framework under which NODEVBUILD shall act as a **Technology Partner** to startups incubated by or referred through PIEDS.
This collaboration aims to support early-stage and growth-stage startups in building robust, scalable, and market-ready technology solutions while strengthening the entrepreneurial ecosystem associated with PIEDS.

2. ROLE OF NODEVBUILD AS TECHNOLOGY PARTNER

NODEVBUILD may, subject to mutual alignment and separate agreement with individual startups, **provide services including but not limited** to:

- MVP and Proof-of-Concept development
- Full-stack product development and architecture design
- Product scaling
- Go-to-market technology strategy
- Market launch execution support

3. COMMERCIAL STRUCTURES WITH STARTUPS

Engagements between NODEVBUILD and startups may be structured under one of the following models:

1. **Equity-Based Model** – where services are rendered in exchange for equity participation in the startup.
2. **Discounted Cash-Based Model** – where services are provided at concessional rates often atleast 10-15% lower than market prices.
3. **Hybrid Model** – a combination of equity and discounted cash engagement.

All commercial, equity, intellectual property, vesting, payment, and operational terms shall be agreed solely between NODEVBUILD and the respective startup.

No Liability of PIEDS

PIEDS shall not be a party to, nor shall it bear any financial, legal, or contractual liability arising from, any engagement, agreement, equity transaction, or commercial arrangement entered into between NODEVBUILD and any startup.
PIEDS acts solely as an incubator and facilitator within the ecosystem.

4. JOINT PROGRAMS AND BUILD EVENTS

The Parties may mutually plan and conduct joint programs, technology build events, or startup selection initiatives.
Under such initiatives:

- Selected startups may be identified jointly by PIEDS and NODEVBUILD.
- NODEVBUILD may undertake to build and launch selected startups at no upfront cost.
- Such engagements may involve foundational equity participation in the startup as mutually agreed directly between NODEVBUILD and the founder(s).

The detailed structure, selection criteria, and execution model for such initiatives may be determined jointly on a case-by-case basis.

5. COMPLIMENTARY SUPPORT AND FREE OFFERINGS

NODEVBUILD may extend complimentary advisory support to startups associated with PIEDS. These offerings are available at all times, subject to internal evaluation and at the sole discretion of NODEVBUILD.

The detailed Free Offerings shall be referred to the "Free Offerings for PIEDS" document attached below as Annexure A which forms an integral part of this MoU.

6. CONFIDENTIALITY

The Parties may exchange non-public information in the course of collaboration.

Each Party agrees to maintain confidentiality of proprietary information shared and to use such information solely for the purpose of advancing the objectives of this collaboration.

7. TERM

This MOU shall take effect on the Effective Date and shall remain in force unless discontinued by either Party with reasonable notice.

The understanding reflected herein is intended to guide cooperation and may be refined or expanded through future written agreements as necessary.

8. GENERAL PROVISIONS

- Any modification to this MOU shall be made in writing and signed by authorized representatives of both Parties.
- This MOU may be executed in counterparts and through electronic signatures.

SIGNATURES

IN WITNESS WHEREOF, the Parties have executed this Memorandum of Understanding as of the Effective Date.

Annexure A:

Free Offerings for PIEDS

Free Tech Consultation for PIEDS Startups (Every Saturday & Sunday)

Selected startups at PIEDS will have the opportunity to book 1:1 consultation sessions with industry experts every Saturday and Sunday.

During these sessions, we will assess the startup's current stage and provide a customized technical roadmap tailored to their specific needs, covering prototyping options, hosting recommendations, cost optimization, scalability planning, and technical architecture review.

What Our Free Offerings to BITS-Incubated Startups Contain

1. No-Code & Open-Source Roadmap

- Guidance on which no-code tools, open-source projects, and AI models can be used to build the first version.
- Helps founders test their ideas quickly without needing to code.

2. Hosting & Cloud Guidance

- Clear recommendations on whether to use Firebase, AWS, GCP, or Vercel based on stage and budget.
- Ensures the right infrastructure choice, saving both time and cost.

3. UI/UX & Adoption Support

- Free design feedback and onboarding hacks.
- Ensures a smooth experience for the first 100 users and increases adoption.

4. Tech Architecture Review

- Expert review of backend, frontend, database, and automation setup.
- Provides a scalable and secure blueprint that is investor-ready and future-proof.

5. Cost-Saving Playbook

- Access to automation hacks, free/low-cost SaaS alternatives, and guidance on claiming cloud credits.
- Helps startups save ₹50,000–₹2,00,000 in unnecessary expenses.

6. Roadmap to First 1,000 Users

- A milestone-based plan: 100 → 500 → 1,000 users.
- Includes scalability checkpoints and guidance on when to move from no code to full-stack development.
